OBJECTIVE

Aspiring Data Analyst with hands-on experience in Power BI, DAX, and Data Visualization, seeking an opportunity to leverage analytical and problem-solving skills to deliver meaningful business insights.

EDUCATION

B.Tech in Computer Science and Engineering (Specialization in AI & ML)	2024 – 2028
Dadi Institute of Engineering and Technology, Visakhapatnam	CGPA: 7.2 (Up to 4th Semester)
Board of Intermediate Education, Andhra Pradesh (BIEAP)	2021 – 2023
MVR Junior College	70%
Central Board of Secondary Education (CBSE)	2020 – 2021
SR Digi Prime School	CGPA: 6.5

SKILLS

Business Intelligence	Power BI, Dashboard Development, KPI Reporting
Data Analytics	Data Analysis, Data Modeling, Data Visualization, Trend Analysis
Power BI Tools	Power Query, DAX, Star Schema, Time Intelligence
Data Handling	ETL, Data Cleaning, Microsoft Excel, SQL
Tools & Technologies	Git, GitHub
Soft Skills	Analytical Thinking, Communication, Team Collaboration

INTERNSHIPS

Android Developer Virtual Internship	Oct 2025 – Dec 2025
EduSkills & Google for Developers	<i>Virtual</i>
- Developed understanding of Android UI design, activity lifecycle, and application architecture concepts. - Applied debugging and troubleshooting techniques to analyze and enhance application functionality. - Worked with industry-standard development tools, workflows, and software engineering practices.	
Business Analyst Virtual Internship	Jan 2025 – Mar 2025
EduSkills & Celonis	<i>Virtual</i>
- Analyzed business processes and operational data to identify inefficiencies and improvement opportunities. - Supported data-driven decision-making through structured analytical and problem-solving approaches. - Explored process mining concepts, workflow optimization techniques, and business performance analysis.	

PROJECTS

Financial Transaction Analytics Dashboard	<i>Power BI, Power Query, DAX, ETL</i>
- Developed an interactive Power BI dashboard analyzing 50K+ banking transactions and 5K+ customer records. - Performed data cleaning and transformation using Power Query to improve data accuracy and consistency. - Designed a Star Schema data model with fact and dimension tables for optimized reporting performance. - Created DAX measures and Time Intelligence calculations for KPI monitoring, MoM growth, and YoY trend analysis. - Built interactive visualizations, drill-through reports, and geographic dashboards to uncover actionable business insights.	

CERTIFICATIONS

- Power BI: Dashboards for Beginners – LinkedIn Learning
- Business Analyst Virtual Internship – Celonis
- Android Developer Virtual Internship – AICTE EduSkills
